

elektro ingenieurbüro a. prioli ag, Lachen

Electrical Designer 100%

About Us

We are an electrical engineering company with 7 employees in Lachen on the upper shore of Lake Zurich. Our core competencies include the design and project planning of electrical installations and communication systems in residential, commercial, industrial and public buildings.

Your Responsibilities

In this varied position, you will be responsible for drawing project and final planning documents, schematics and dispositions using CAD as well as the calculation of energy performances, illumination levels and costs and the creation of concepts.

Your Profile

A completed apprenticeship / education as an electrical designer or electrician and a few years of work experience are ideal prerequisites. Additionally, basic knowledge in MS-Office is desired.

Your Benefits

You can expect a young team in a dynamic and expanding company with flat hierarchies. With the appropriate aptitude and motivation, interesting opportunities for professional development are open to you.

Are you interested? Then we are looking forward to receiving your application by mail.
